

Environmental Policy

In order to pass on to the next generation a clean environment and a bountiful society, we realize that the actions of each and every one of us have a great effect on our earth's future, so we must make every effort to preserve our environment and as such Maruti Suzuki India Limited, manufacturer of passenger cars and utility vehicles at its plants in Gurgaon & Manesar and R & D Centre in Rohtak is committed to:

- Protection of environment including prevention of pollution, sustainable use of natural resources and climate change mitigation from our activities, products and services.
- Maintain and continually improve Environmental Management System to enhance environmental performance.
- Strictly observe environmental laws and also follow our own standards.
- Working collaboratively with our customers, suppliers and the surrounding community for environmental issues.

We will work to achieve these commitments by:

- Continual improvement of the environmental performance of activities, services and products to prevent pollution.
- Continual reduction in the use of raw materials, consumables and water by practicing 3R to ensure sustainable use of natural resources.
- Continual reduction in the use of energy to mitigate climate change.
- Promote environmental communication, awareness and specific environmental training where ever appropriate to all persons working under MSIL control.

This Policy shall be regularly reviewed and made available to interested parties.
