WHY MARUTI DRIVING SCHOOL?

Well trained drivers are asset for any company. They are the brand ambassadors of an organisation while driving on roads. Expertise of a well trained driver not only enhances the safety and ease of the passengers he is carrying, but also improves the productivity of the company. Well trained drivers definitely reflect on your company and your commitment to safety of your personnel and towards other road users.

State-of-the-art classroom

Pained by the colossal loss of precious life, man-days and money in road accidents, Maruti Driving School has been promoting road safety education & helps to master the techniques and practices of safe driving. It has been noticed that people straightaway take to driving once they can handle vehicle controls without properly understanding how a vehicle responds under different circumstances or how they should respond to it. This lack of understanding can lead to dangerous situation for the vehicle user, its occupants and other road users.

Our curriculum goes far beyond managing controls. We aim to make your drivers responsible users of the roads. Our highly qualified instructors work with your drivers to improve driving skills and help them become a confident and safe driver.
