SHAPING THE FUTURE OF DESIGN

Concept Future-S personifies Suzuki's philosophy of "Compact is beautiful" and represents the new design evolution for compact cars.

The unmistakable SUV-inspired characteristics of this "uniquely styled compact car" aim to delight customers in the compact car space. The unique design proportions, body sculpting and stimulating fusion of bold patterns and superior accent colours lend to its appeal.

The bold character of the exterior is echoed in an interior design that promises a unique and exciting user experience. With its high and plush seating position, it gives the customer that commanding feel and all-round visibility of the road with maximum comfort & style.

Concept **FUTURE-S**

EXPLORE THE UNEXPLORED

e-SURVIVOR concept depicts the new and exciting F.A.C.E of Suzuki's intent for Future Mobility. (Four-Wheel Drive, Autonomous, Connected & Electric). The e-SURVIVOR concept is a design study model for a compact SUV that pays tribute to Suzuki's proud 4WD heritage. The e-SURVIVOR concept has a ladder frame and a lightweight compact body which helps in achieving outstanding drivability and durability on rugged roads.

The e-SURVIVOR concept adds new possibilities through its electric four-wheel drive which comprises of a set of four In-Wheel electric motors that control the wheels independently. The motors enable finer control of the wheels depending on driving conditions, providing movement capabilities that are not possible with conventional 4WDs.

Moreover, the e-SURVIVOR concept is equipped with autonomous driving capabilities. Along with that, it can also be switched to manual mode for off-road driving at any time. The e-SURVIVOR concept will also have advanced connected solutions that will provide real-time information to smartphones to give consumers a seamless connected experience.

- Overall Dimensions : 3,460 x 1,645 x 1,655mm
- Power Source Electric Motors (Dual front-rear motor axle units)

BE LIMITLESS

What happens when design meets performance? You experience what limitless truly feels like. An aggressive stance, stronger body and bold shoulder lines echo the new Swift's philosophy to go beyond pushing limits. A bold evolution in style, spirit and sportiness make it more powerful than ever. The performance embedded in Swift's DNA, empowers the person behind the wheel to keep going farther and overcoming every challenge along the way to become truly limitless.

- Sporty and bold exteriors with floating roof and wrap around windows
- Signature LED daytime running lamps with projector headlamps
- SmartPlay infotainment system compatible Apple CarPlay and Android Auto
- Driver oriented cockpit inspired interior design
- HEARTECT platform for strength

THE PASSION. THE PERFORMANCE.

At Maruti Suzuki, we have always been driven to build cars that provide an exhilarating driving experience. We understand the passion and thrill that generates when man and machine come together. This dynamism is at the heart of everything we do. Our R&D, our technology and our quality process produce robust cars that challenge extreme driving conditions.

At Maruti Suzuki Motorsport we put these cars to the ultimate test. We match high adrenaline drivers with high performance vehicles to take on the toughest terrains and excel.

Welcome to the world of Maruti Suzuki Motorsport.
